**Absent:**

Also present were Tim Method, Deputy Commissioner; Janet McCabe, Assistant Commissioner; and staff from the Office of Air Management. Other attendees are recorded on a separate sheet. A Court Reporter was present and a transcript is available for review.

2. Tim Method informed the board that Felicia George is now the Assistant Commissioner for the Office of Enforcement and Janet McCabe has been appointed Assistant Commissioner for the Office of Air Management. In other organizational issues, the Southwest Regional Office opened in September and the North Central Office is due to open in early January of 1999. A monthly permit report is now available on the agency's web site. This report is fairly comprehensive in covering all actions involved in permitting. Mr. Method ended

**REPORTS**

his report by informing the board that the agency plans to conduct real world monitoring for hazardous air pollutants in four areas across the state. The monitoring will include a baseline monitor in each of the four cities that will operate for two years, an additional three monitors that will operate for six months and facility specific monitoring.

Ms. McCabe reported that seven groups have been established in the metropolitan areas that may exceed the new eight-hour ozone standard. The groups are starting to look at possible clean air measures that could be implemented in their communities to improve air quality and meet the new ozone standard. The seven areas are Central Indiana, Terre Haute-Vigo County, Ft. Wayne area, Southwest Indiana, Southern Indiana, South Bend-Elkhart and Northwest Indiana.

Ms. McCabe informed the board that on September 24, 1998 EPA finalized it's NO<sub>x</sub> rule. This federal rule requires that NO<sub>x</sub> be reduced in twenty-two states and the District of Columbia by 2007. In order to meet the federal requirements the agency is pursuing a state rulemaking. Ms. McCabe conducted a slide presentation to detail the contents of the federal rule and informed board members of IDEM's approach to meeting the requirements of EPA's NO<sub>x</sub> rule.

Mr. Walker detailed the agenda for the board meeting.

3. Mr. Walker entered into the record Exhibit 1, the draft rules. IDEM staff briefed the board on the changes in the rule and explained that the agency would like to move this rule along so that the changes would be incorporated prior to the next test cycle. Heidi Mantel commented on behalf of Envirotech Systems.
